

Apex Scholars

Independence • Excellence • Leadership

Seed to Summit Christian Homeschool Academy's Apex Scholars Program is our upper-level drop-off academic experience designed for motivated junior high and high school students who are ready to grow academically, personally, and spiritually in a structured learning environment without a parent on campus.

Apex Scholars combines rigorous academics, leadership development, and Christ-centered community to help students prepare for college, career, and life with confidence and purpose.

*Students who are enrolled in our Apex program will have an additional drop off fee included as part of their membership.
